

TRADE STORY IN THIS WEEK'S ISSUE.

The story of the business side of Bay St. Louis is told in a special write-up, appearing in this week's Echo, on the front page. The firms represented thereon are the champions of "Trade at Home" and in turn help build the community. They have made The Echo's enterprise of a trade story possible.

BOOST BAY ST. LOUIS! TRADE AT HOME--IT PAYS

MERCHANTS HERE ARE LEADING IN LOW PRICES— SURVEY SHOWS BAY ST. LOUIS BETTER EQUIPPED THAN EVER TO LOOK AFTER YOUR WANTS

Bay St. Louis again takes the lead over her neighboring cities as the trading center in this section of Mississippi. This summer more than ever before has trade from the outlying territory increased. The advent of good roads, bargain days, larger stocks, brighter stores and better service have been felt by the business houses here.

More and more efforts being made by our business men to keep this trade on the increase. They are making prices more attractive, putting in larger and even more up-to-date lines and offering to the buyer service unequalled before. The latest move on the part of the business places here is to meet or even beat prices of outside competition wherever possible. And in most every case the careful buyer has found that by buying at home he is not only getting things for the same money or less, but is getting the personal service of the business men and shopping is really made a pleasure.

No city in the South has made greater progress in the matter of civic improvements. The roads leading into Bay St. Louis are not excelled by any in the United States.

It is The Echo's sincere belief that Bay St. Louis possesses every requirement to fill the wants of the people in this section, and we trust the following presentations of the business places here will merit the careful consideration of those who live within its trading radius.

Make Bay St. Louis your trading center. Meet the business men. Ask them to give you prices and compare them with outsiders. You'll find it pays to trade here.

BAY JEWELRY STORE,

The Leading Jewelers. In and around Bay St. Louis Mr. Gus E. Tempel enjoys the reputation of conducting one of the most reliable and up-to-date jewelry stores in this section of the State. He has been in business so long that he is known to every inhabitant and a majority of the traveling public.

This store is most modern in every detail. The stock is large enough to satisfy the most discriminating buyer, carrying only the highest grade watches, rings, silverware and other articles which the modern jewelry store sells, including a wonderful assortment of precious stones.

The watch repair department is given diligent attention and satisfaction is assured, no repair job being too delicate for his efficient watchmaker. He also is an expert on high-grade engraving, enjoying a large measure of business in this line.

Another useful adjunct to this business is the optical department, being thoroughly equipped to fit glasses for any kind of eye trouble. Many satisfied customers can testify to the correctness of the optical work.

The Bay Jewelry Store's stock of kodaks and supplies is most complete. Also the latest hits in the Q. R. S. Player Rolls, sheet music and records are to be had here. This is also the sole agency for Columbia Grafanola and the Kimball Pianos and Phonographs.

Owing to Mr. Tempel's policy of courtesy and fair dealing he can feel assured of continued success.

W. E. ACKER,

Garage and Service Station. Many towns of much larger size than Bay St. Louis would feel proud to be able to boast of a garage and service station the equal of W. E. Acker's shop.

The tourist passing through or stopping for a while here, has no more reason to be skeptical about his service or repair work than are the residents of this vicinity, who through their confidence in this establishment have been instrumental in its continued growth.

Their machine shop is prepared at all times to handle any work that may be necessary upon your car.

Their line of accessories is the most complete in Bay St. Louis; the autoist can't secure here anything that he may desire. Here also is a gasoline filling station dispensing "Liberty Pep" gasoline and Motoline, the "Perfect Motor Oil".

The Goodyear and Gates line of tires and tubes are handled and the securing of this line bespeaks the business judgment of this progressive business firm—for the car owners who have used Goodyear and Gates tires and tubes need not be told of their merits, because they rank among the leaders.

The motorist who is familiar with the type of "battery service" which a Willard Station stands for, need have no hesitancy in patronizing this service station.

In addition they are an authorized Ford Service Station.

Due to Mr. Acker's courtesy and expert service, he is assured of continued success.

O. T. ARNOLD,

"Shoes and Hosiery." The manufacture of shoes ranks among the leading industries of the country. Making shoes is an art that is not to be looked upon lightly, and O. T. Arnold, who has had years of experience, is very well adapted to the business that he carries on.

Shoes are not only essential to the performance of the individual being, but are also a means of social and social contact and to the

pearance of anyone, be they young or old, man, woman or child.

The famous "Douglas" shoes for both ladies and gents, are the leading line, to say nothing of the other high class footwear carried by this concern and priced as low as is consistent with the quality of same.

A full line of bathing shoes will also be found here.

Hosiery is another article of wearing apparel that is indispensable to the fairer sex, and the well-known Ongy "Pointex" line is displayed, and among it can be found hose to suit the most fastidious purchaser.

Bay St. Louis is indeed fortunate to have within its midst an establishment of this character, and the people of this vicinity will do well when in need of footwear and hosiery to at least look over the complete stock that is carried by this store.

"DAD" MANIERI'S HOTEL,

Popular Commercial Hotel.

Any city that enjoys as much popularity as a summer resort as Bay St. Louis must necessarily have good hotels. To fit this need here, "Dad" Manieri conducts a neat and modern establishment, where clean and prompt service is dispatched at all times. Nowhere on the Coast will the traveler feel more at home.

"Dad" Manieri is the type of progressive hotel man, who through his years of experience with the traveling public in all walks of life, has gained a wide knowledge of man's wants and desires, and profiting by this experience, leaves nothing to be desired in the way of comfort and service.

This restaurant is served a daily lunch, and "short orders" may be had at all hours of the day or night. One of its notable features is its French and Italian style of cooking. The cuisine is unsurpassed anywhere in this vicinity, and the refreshing "Dixie" near beer is always on draught, and ice cold.

The commercial traveler is attracted to this hotel because of its excellence and the convenience of its location; here also is the rendezvous of the sporting fraternity when they happen to be passing this way.

During the present season "Dad" Manieri is enjoying his usual measure of patronage and anticipates an even greater Bay St. Louis.

BAY MERCANTILE COMPANY,

Reliable and Popular. Of all the stores that give service to Bay St. Louis, and vicinity, there are none that supplies more satisfactorily the needs and wants of its patrons than the Bay Mercantile Company. Mr. Osoinach, the able manager of this concern, has been in business in this community for over forty years, and during this time has earned the honor and respect of all who know him.

The complete stock carried by the Bay Mercantile Company makes this indispensable to this community—in fact, it is the most complete store in Hancock county, and great emphasis should be placed upon the extensiveness of their various lines of merchandise.

The Bay Mercantile Company's stock includes hardware, house furnishings, floor coverings, paints, varnishes, dry goods, ladies' and gentlemen's clothing, Carter Oak and Red Star Detroit Vapor Stoves, a full line of Mirrow aluminum, ship chandlery and the well known Beacon shoes and the equally famous Stetson hats for men.

This store is most modern in every detail. The stock is large enough to satisfy the most discriminating buyer, carrying only the highest grade watches, rings, silverware and other articles which the modern jewelry store sells, including a wonderful assortment of precious stones.

The watch repair department is given diligent attention and satisfaction is assured, no repair job being too delicate for his efficient watchmaker. He also is an expert on high-grade engraving, enjoying a large measure of business in this line.

THE MERCHANTS BANK AND TRUST COMPANY,

The Bank Where You Feel at Home.

The basis of optimism is money in the bank and good credit. Untold numbers of successful business men are pointed out as "A self-made man" really owe and frankly attribute their advancement, development and growth to the untiring aid and advice of their banker.

We simply mention this as a pre-

face to the fact that the officers and

directors of the Merchants Bank are

BIRTHDAY PARTY FOR MISS MAE KILLIEA.

An informal but most delightful birthday party was given Tuesday evening at the Ritayik home on the Waveland beach front by Mrs. Ritayik in compliment to her niece, Miss Mae Killiea, daughter of Mr. and Mrs. T. P. Killiea, of New Orleans, house guests of Mr. and Mrs. J. R. Ritayik.

Dancing and various games were enjoyed during the evening hours, which all went by too quickly. The spacious lawn and later the handsome and commodious interior of the home furnished ample space for the various forms of entertainment. There were quite a number of prizes awarded to those of the young guests who displayed most skill at the various games.

Later the guests repaired to the dining room, where the long table afforded abundant and delectable refreshments. Among those present, including a few specially invited grown-up guests, were Gordon Judlin, Joseph Kinn, Warren Woodworth, "Bobby" Lacoste, E. J. Lacoste, Jr., Billy Calhoun, Frank Killiea, Albion Spiess, Misses Noll Calhoun, Geraldine Calhoun, Forest Flick, Yvonne Lacoste, Margaret Larose, Sister Graham, Mary Margaret Spiess, Cora Griffith, Stella Girot, Mae Killiea, Alma Simone, Vivian Copping, Winifred Killiea, Junior Flick, Jack Kiliea, Mesdames Spiess, Judlin, Rice, Miss Viola Sullivan, Mr. and Mrs. George E. Morris, Mr. and Mrs. T. P. Killiea and the host and hostess, Mr. and Mrs. J. R. Ritayik.

MR. HOLTON'S RECORD REVIEWED.

It seems to me that experience and observation teach us to count very little on promises which are not backed by past performances. The record always speaks louder than promises.

My honorable opponent was once an employee of the State Plant Board of Florida. If reports which come back to Mississippi from Florida are true, he was summarily dismissed from this position.

Why is he not still in the service of the live and prosperous city of Tupelo as secretary of the Chamber of Commerce if he showed the intelligence and "pep" featured so much in his campaign literature?

It is hardly to be believed that the hustling business men of that city would let him go had his services justified the value that he attaches to them in his campaign literature.

The people of Mississippi might like to know why it was that Dr. D. C. Hill, president of the A. & M. College, asked the State Plant Board of Mississippi to remove him from the college campus.

The people of Mississippi might like to know why he was transferred from Culkin Academy, in Warren county, to the Oak Ridge school, in the same county, and given another chance to make good. If he made good in the Oak Ridge school, why was his assistant named to succeed him, this action of the Board of Trustees coming to him like a clap of thunder out of a clear sky?

Successful Worker in Home Economics, Hancock County.

Mrs. E. M. Addison who has charge of the co-operative work of agriculture and home economics of Hancock—Harrison counties among colored people, is doing very effective work.

She came to Bay St. Louis the first of last month and at once, quietly but successfully, launched plans that will reach both school and home, beautifying and sanitary clubs being organized throughout the county.

Padington, Logtown, Waveland, Kiln and other communities have been visited in the interest of the work. The agent reports that a fine spirit of co-operation is shown by the colored people everywhere.

It appears the colored people have not forgotten the splendid results and benefits of the county fair two years ago.

CARD OF THANKS FROM W. H. STARR:

Having received a majority in the first primary election of Hancock county, giving me the nomination for one of the two justices to which Beat 5 is entitled, I feel I would be remiss in my duty and ungrateful to the majority of the voters of the beat if I were to fail to acknowledge my thanks and appreciation of their support and vote.

To enjoy the confidence of one's fellow citizen to the extent to which I was recently privileged is no small consideration and I wish to hereby thank the voters and others whose favor made my nomination possible.

I shall endeavor
